## About Me

Technician specialising in application and web development. Originally from Spain, I was in Cork to improve my English and expand my professional skills. Consider myself a responsible and flexible person with analytical and problem-solving skills, as well as someone who enjoys teamwork and cooperation.

## Work Experience

Present

**Analyst Programmer**

**Apiux**

*Ayesa - Madrid Digital*

- Supported Madrid Digital through the development of online tools with Java 8, Jenkins, JSF, Spring Framework, and Hibernate, while also managing Oracle databases to ensure efficient data handling.

2022–2024

**Programmer**

**Alten**

*Spanish Air Force*

- Developed and migrated web applications in CI environments using Java 8, J2EE, SVN, Git, Jenkins, Sonar, GitLab, Spring, and JSF with ORM, Hibernate, and EclipseLink. Managed Oracle databases for efficient data handling and performed unit testing with JUnit5 and Mockito.

2018–2021

**Solutions Assistant**

**Everis**

*Mapfre*

- Developed new functionalities for subscribing to or modifying policies through brokers, using AngularJS, Java 8, REST web services, SOAP, Tomcat, and Scrum methodologies with Jira at Mapfre.

*Vodafone*

- Besides, I played a crucial role in creating and developing processes and interfaces within the billing system at Vodafone, using Oracle, PL-SQL, Unix, ShellScript, and Scrum methodologies with Jira.

2017

**Junior Programmer**

**Japiend**

- Designed and developed websites using PHP, HTML, CSS, and Bootstrap, ensuring their functionality, and also created and published multimedia content.

2016

**Junior Programmer**

**Apps-Editor / Estrenos 21**

- Designed and developed websites using their own CMS, with PHP, HTML, CSS, Bootstrap, and MySQL. Managed databases via PHPMyAdmin, also created and published multimedia content.

2013

**IT Assistant**

**Sermicro**

- Provided remote user support, managed videoconferencing and recordings, and performed hardware maintenance and software configuration.

## Education

2016–2017

**Higher Education Certificate in Multiplatform Application Development**

Centro de Estudios Superiores - Afuera

2014–2016
